

DANTE INVESTMENT

Your Partner for Financing Projects that Grow the World

Our Story

Founded in 1990 by Jean Dante, our company was built on a powerful vision: making investment accessible to all ambitious project leaders, from seasoned entrepreneurs to young innovators.

Jean Dante assembled a team of experts passionate about entrepreneurship and economic development.

Together, we built more than just a financing company—we created a partnership that accompanies our clients towards success.

Over three decades, we've evolved into a reference player in the Francophone entrepreneurial ecosystem. Our commitment goes beyond capital—we provide strategic guidance, mentoring, and unwavering support to help transform visions into reality.

Today, with a proven track record and deep industry expertise, we continue to fuel innovation and growth across multiple sectors, building lasting relationships with entrepreneurs worldwide.

Our Impact by the Numbers

120+

Projects Funded

Successfully financed ventures across diverse industries

€500K+

Total Invested

Capital deployed to fuel entrepreneurial growth

35+

Strategic Partners

Collaborative relationships driving mutual success

10

Activity Sectors

Diversified portfolio across key industries

85%

Success Rate

Proven track record of project achievement

These numbers represent more than statistics—they reflect the dreams realized, jobs created, and innovations brought to market through our partnership approach. Our 85% success rate demonstrates our commitment to selecting and supporting viable projects with genuine growth potential.

Investment Sectors

We invest in industries that shape the future and create lasting value. Our diversified portfolio spans six key sectors, each offering unique opportunities for growth and innovation.

Agriculture

Modern farming technologies and sustainable agriculture solutions that feed the future

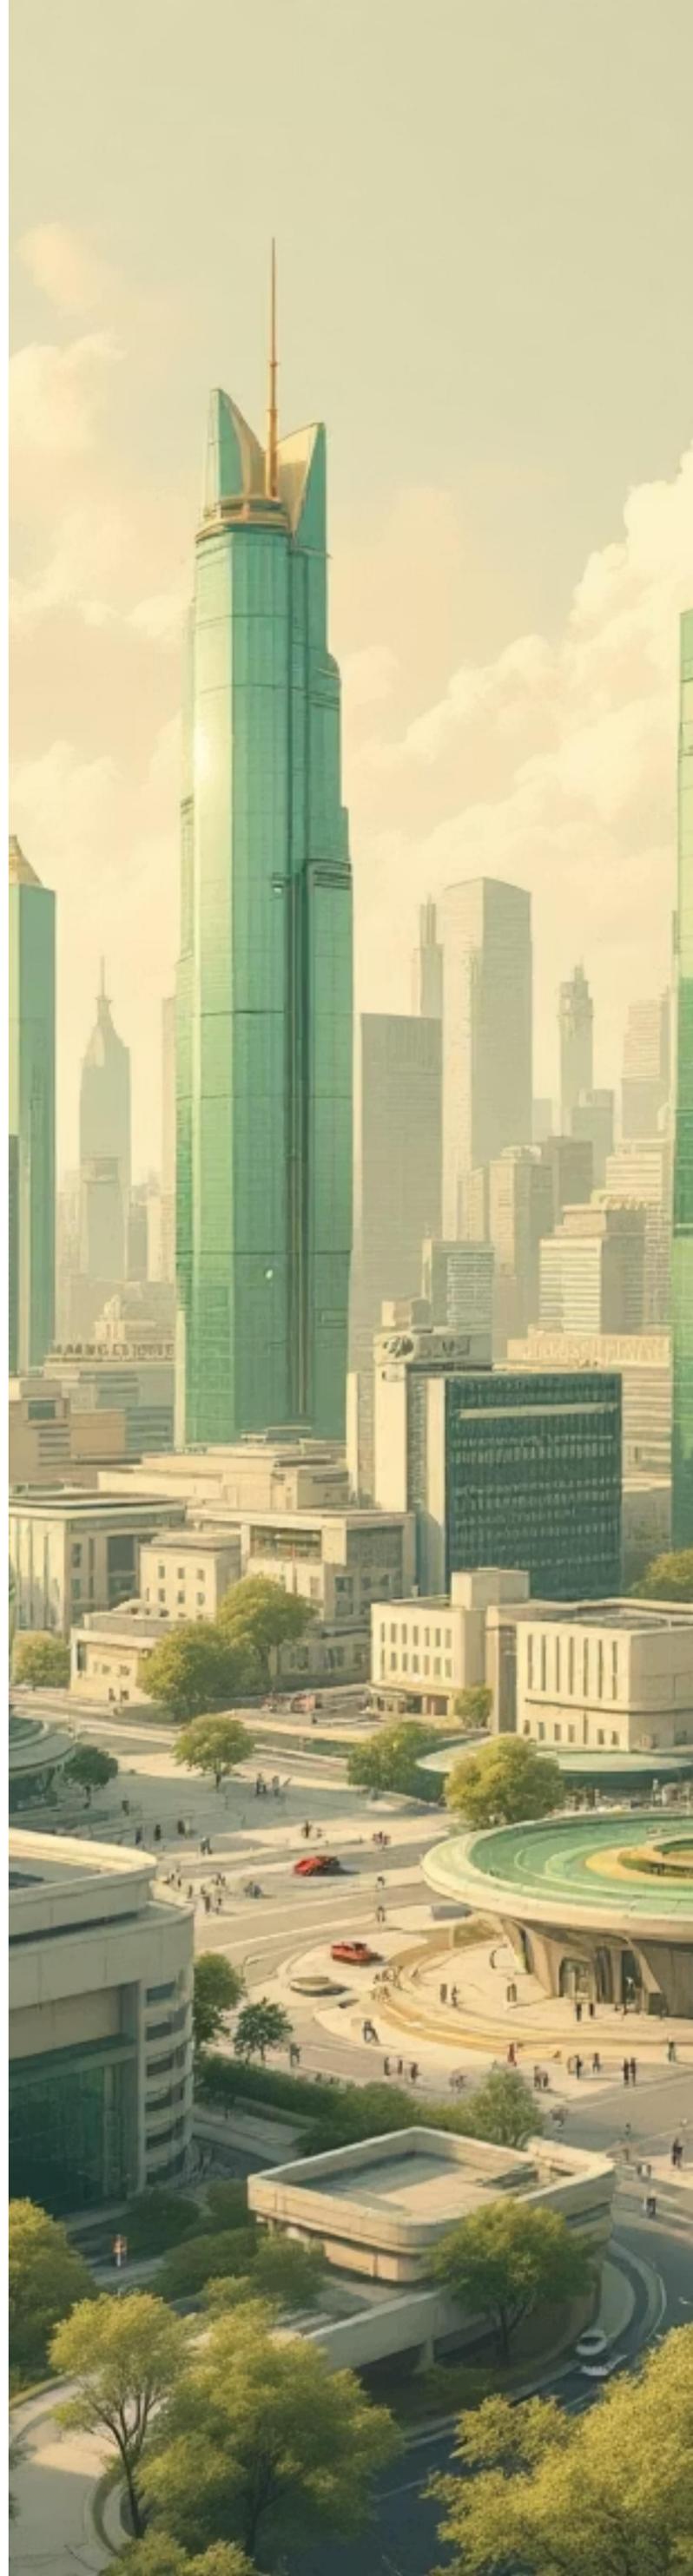

Technology

AI, software development, and cutting-edge digital solutions transforming industries

Real Estate

Residential, commercial, and green building projects creating sustainable communities

More Investment Opportunities

Healthcare

Medical innovations and health technologies improving patient outcomes and accessibility. From telemedicine platforms to diagnostic tools, we support ventures that advance healthcare delivery.

Energy

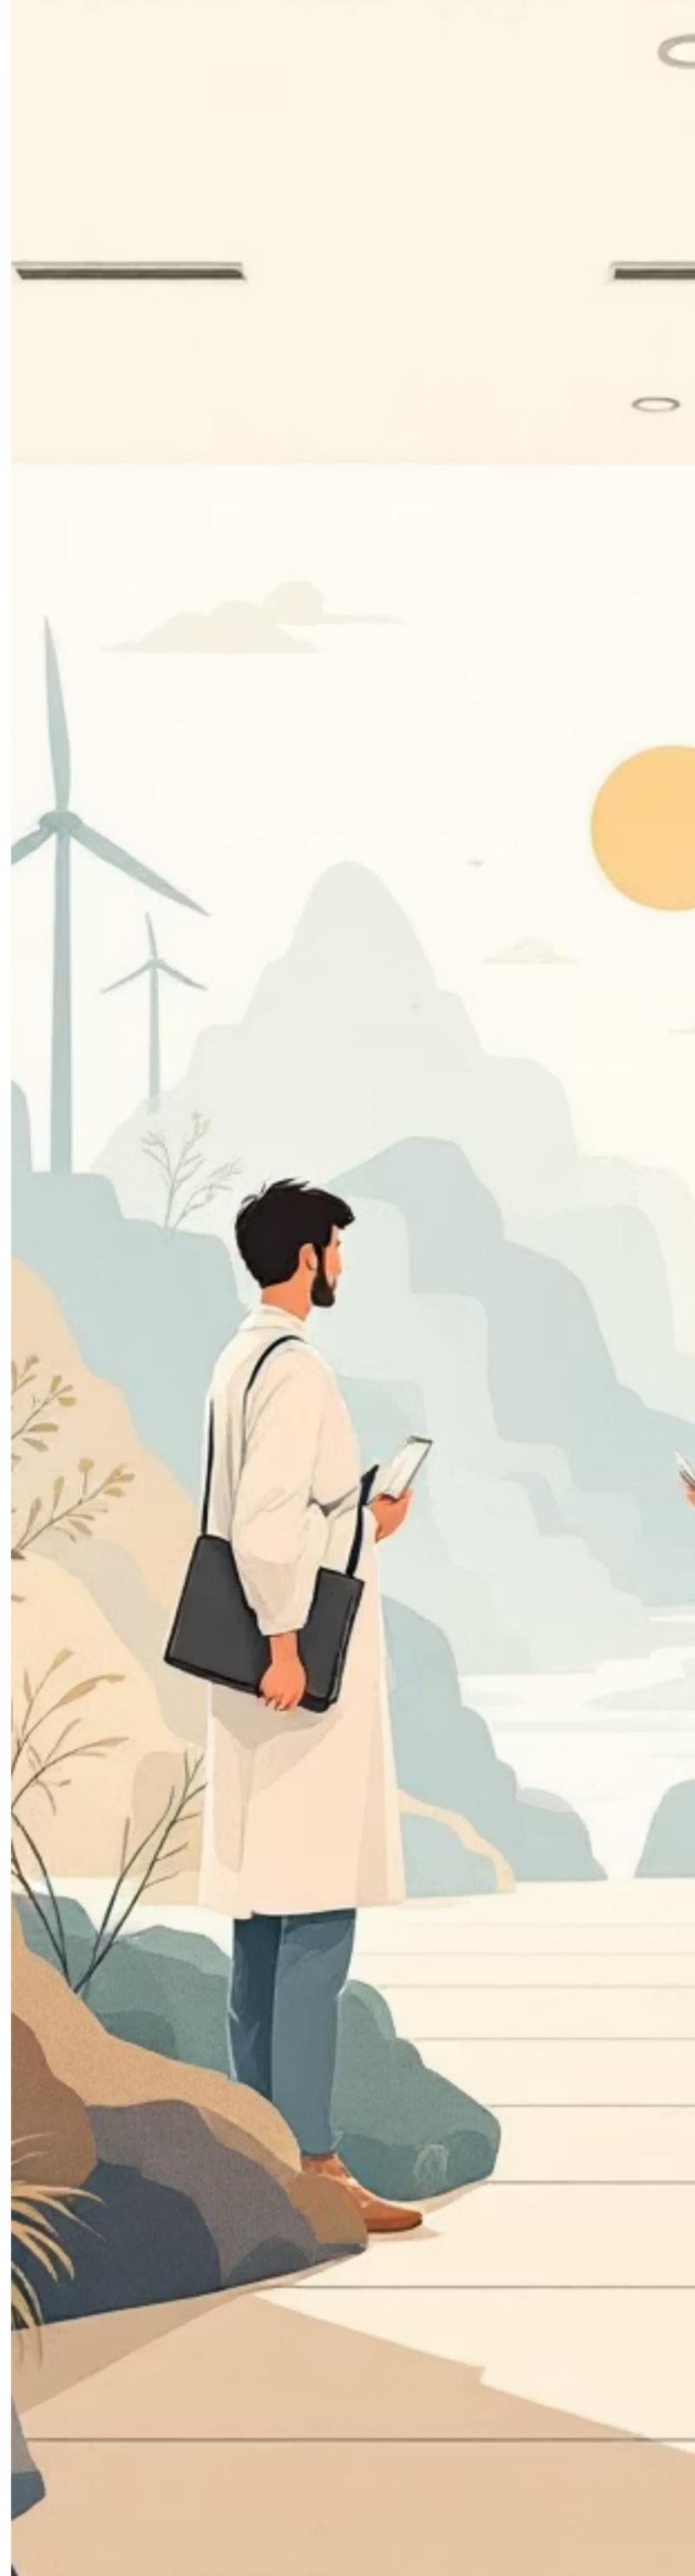

Renewable energy and energy efficiency solutions powering a sustainable future. We invest in solar, wind, and innovative clean energy technologies reducing carbon footprints.

Education

Educational technologies and infrastructure expanding access to quality learning. From e-learning platforms to educational facilities, we support projects that democratize knowledge.

Each sector represents a strategic opportunity to create meaningful impact while generating sustainable returns. Our expertise across these diverse industries enables us to identify promising ventures and provide sector-specific guidance.

Comprehensive Services

We offer a full spectrum of financial and strategic services designed to support entrepreneurs at every stage of their journey. Our integrated approach ensures you have the resources, expertise, and guidance needed for success.

Business Investment

SME and startup financing with flexible terms tailored to your growth stage and industry requirements

Individual Financing

Personal project support for entrepreneurs pursuing innovative ideas and ventures

Strategic Consulting

Business plan development and strategic guidance from experienced industry professionals

Partnership & Co-investment

Collaborative funding opportunities connecting you with strategic partners and co-investors

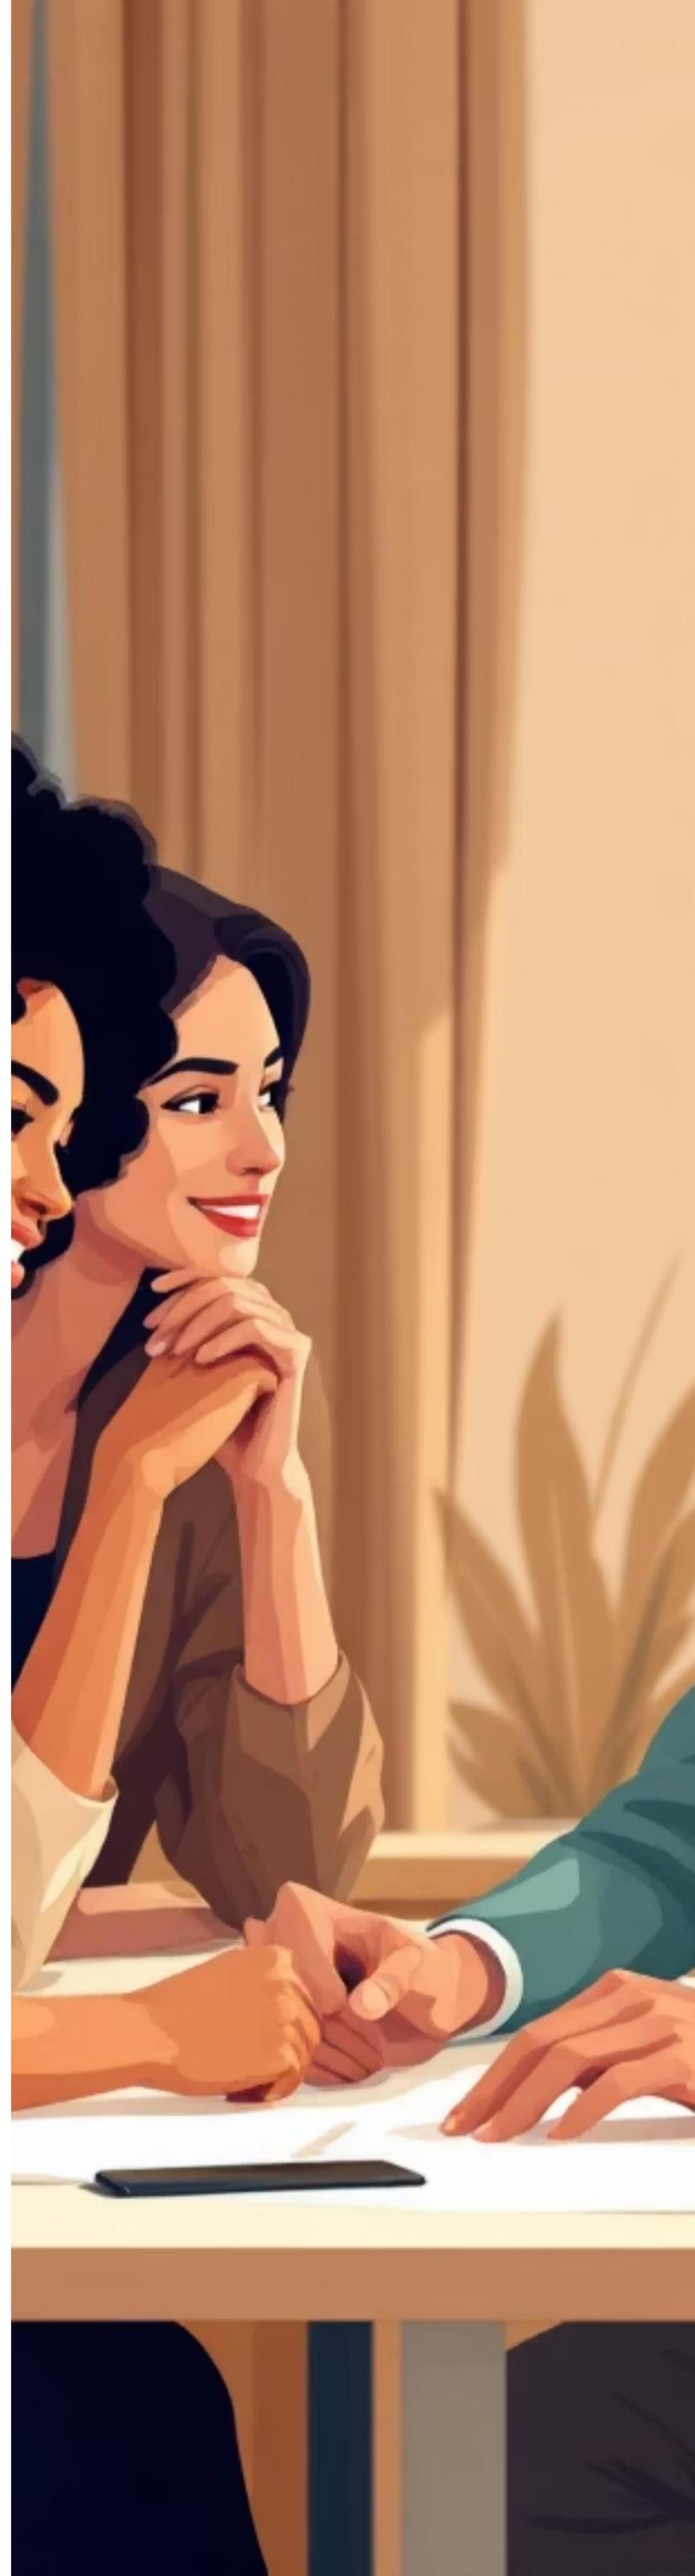

Training & Mentoring

Entrepreneur education programs and one-on-one mentoring to build essential business skills

International Development

Global expansion support helping you navigate international markets and opportunities

Our Investment Process

Initial Consultation

We begin by understanding your vision, goals, and funding needs through a comprehensive discussion of your project

Project Evaluation

Our expert team conducts thorough due diligence, assessing viability, market potential, and alignment with our investment criteria

Strategic Planning

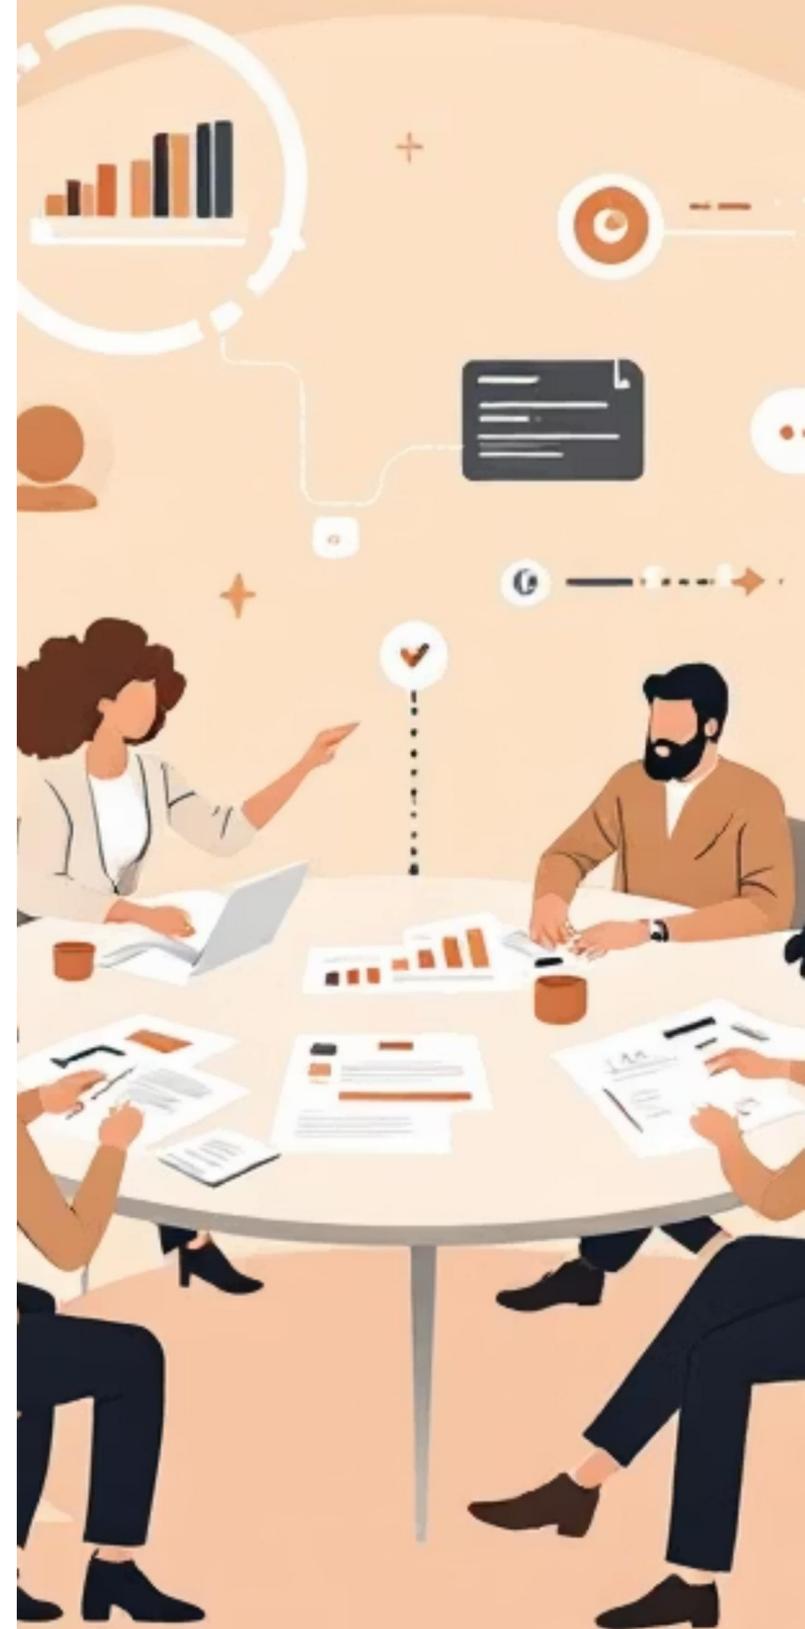

Together, we develop a detailed business plan and growth strategy, identifying key milestones and success metrics

Funding & Partnership

Upon approval, we structure the investment and establish a collaborative partnership built on transparency and mutual success

Ongoing Support

We provide continuous mentoring, strategic guidance, and access to our network throughout your growth journey

Why Choose Dante Investment
